General Comment

Dear Administrator Jackson,

The comments of the Otsego County Soil and Water Conservation District come in the form of two suggestions; we urge you redouble your efforts to establish a vigorous partnership with New York stakeholders in the further development of the TMDL's for New York and accept the WIP as proposed by the State of New York as realistic and achievable plan for our portion of the watershed.

Please read the attached file for our full comment.

Sincerely,
Scott Fickbohm
